**Easter Celebration of Song** at Sharon Baptist Church on April 10<sup>th</sup> at 6 p.m. will feature church choirs and soloists. The repertoire for this evening will include Daniel Long on the piano, The Custalow Brothers and Suzanne Buckingham's dramatic presentation, 'The Pieta'. Come and enjoy, be inspired and blessed.

Donations will benefit the food and free health clinic programs of 'The CornerStone Community Development Center'.

**THE CORNERSTONE COMMUNITY DEVELOPMENT CENTER** was incorporated as a 501©(3) organization in 2005. The food program was first started in 2000 with a food pantry that served nine families. In 2001, about 70 families came each week to pick up a bag of food. Today, the food programs of 'The CornerStone' continue to be a source of supplemental food to about 400 families. Food is gleaned each day from local stores, donated by churches, individuals and others. Each family receives a bag with bread, produce and meat each week. Families that qualify based on income receive USDA food.

The Lily Field Clothing Shed provides free clean used clothing donated by individuals in the community.

The CornerStone Free Health Clinic, provides a medical home to those uninsured. Professional dental care and medical services were started in 2002. For a few years' patients were taken to CrossOver Clinic in Richmond for extractions and fillings. The Vision Clinic was added on in 2004. Today all services are located in Aylett and are free of cost to clients & patients.

The grace of God, a team of dedicated professionals and a band of cheerful volunteers keep the programs dynamic.

Every dollar donated to our programs has helped, changed and perhaps even saved a life.

**MISSION STATEMENT:** 'TO BE A CARING & HEALING PRESENCE in the community by providing food and clothing to the poor, needy, elderly, disabled and the less fortunate & by ministering free health care to the uninsured people using volunteer professional services, IN THE NAME OF JESUS CHRIST.'
